Bboy Born from Korea

B-boy Born aka Yoo Hyun hails from Seoul, Korea. Born in 1986 the year of the Tiger, Born has come to be known throughout the world as the embodiment of the Classic B-boy with his ninja precise footwork, his comprehensive understanding and interpretation of the breakbeat and the music that became the soundtrack of NYC circa 1980's. The precision angles and body lines in which he lithely and effortlessly maneuvers his body through is not only supremely mesmerizing but leaves the viewer with a distinct sense of deja vu and a sublime sense of nostalgia as if the spirit of a bygone hip hop era has bewitched the body of this young South Korean.

Since 2003 the artist known as Born has begun to compile a vast and impressive resume of wins at international competitions, participation in highly successful theatre shows throughout Europe and has recently been recognized as an official ambassador of Korean Culture by the Korea Tourism Organization and the Korean Ministry of Culture alongside his crew mates the Rivers Crew. Born is also a member of the World Famous Project Soul Collective, a group comprised of the top dancers from Korea, Project Soul is also the 3-peat World Champs at the UK Bboy World Championships. Born is also affiliated and is a member of Korea's Floor Gangz, Flavor Squad USA and the Mighty Zulu Kingz Worldwide one of the most prestigious and historically recognized B-boy crews as the crew and its members date back to 1973.

A dynamic force within any structure whether in organized competitions or in choreographed stage pieces, Born continues to evolve and excel, always searching for inspiration on the dance

floor, cutting through space with his mercurial footwork, surrounded by a circular wave of jostling bodies that always seem to form impromptu whenever and wherever the beat takes him. He is a definite example and proponent within the true evolution of an art form, a dance form yet Bboy Born created a trademark Character all his own, deeply influenced by his blood and heritage yet has not strayed too far from the original and the traditions of a deeply proud culture and people.
